# DE WILDE'S RHODO-LAKE NURSERIES

BRIDGETON, R.D. I, NEW JERSEY

RHODODENDRONS
AZALEAS and
ERICACEOUS PLANTS

WHOLESALE PRICE LIST

FALL 1956 - SPRING 1957

### WELCOME

Our nursery is located just off Route 49 between Salem and Bridgeton at Marlboro in Salem County. We are 40 miles south of Philadelphia and 20 miles from the Delaware Memorial Bridge. Take Exit 1 off the New Jersey Turnpike and follow Route 49 through Salem. See map on back cover.

All stock is nursery grown. We do no collecting, and grow no collected stock. Prices are B&B except as noted. Two-year liners are sold with soil ball wrapped in paper except as noted.

### CONDITIONS OF SALE

All prices quoted are f.o.b. our nursery, or our shipping point, Bridgeton, N. J. All orders are acknowledged subject to crop yield. We make no guarantee as to livability and hardiness of our stock and our liability for untrueness to name is limited to free replacement or refund of purchase price. Terms, 2% ten days, net 30 days. No discount allowed after 10 days from date of invoice. Orders from persons unknown to us must be accompanied by check or by several acceptable references.

## **DELIVERIES**

Your order can be delivered by our trucks, which are especially built to handle our type of stock. Combination loads can be arranged with other orders in your area.

discolor hybrids—(Slocock)

Colors: white; pale pink; pink with dark center. These have proved fairly hardy (b) if planted under about 50% shade. They are slow to begin blooming, but have very

large florets and trusses. Their blooming time is after the late Catawbiense hybrids. They have been used successfully in the Philadelphia suburban areas.

Grafted plants of our best selection (a pink with a dark center) now available at same prices as other named hybrid varieties.

discolor hybrids—(Dexter)

Colors almost all pale pink. Flowers somewhat smaller than above but appear to bloom sooner and may be somewhat hardier.

Fortunei hybrids B.C.-b.d. These vary considerably but some are very worthwhile. The best one we have is Gloxineum (see list), one of Dexter's seedlings. Some clones have a fine fragrance, but oddly enough, this occurs in the lighter colored flowers.

A few of the varieties listed we do not grow at this time, but we have included them in this list because the key letters illustrate our experience with them in former

# FOR PLANT MARKETS:

We can supply most B. & B. items in Mennepots if preferred. Deciduous material such as Flowering Crabapples and Japanese Cherries must be ordered early enough to allow us to pot them during the late winter.
